**HNPS-2021 E-POSTERS:  IMPORTANT NOTES AND GUIDELINES**

During the e-poster session, presenters will have the opportunity to interactively communicate their work in separate Zoom sessions (Breakout Rooms) using screen sharing and live discussion. Participants will have the opportunity to freely join any of these virtual poster rooms.

1. Please prepare your e-poster not as one large image but as a short presentation limited, for example, to 5-6 slides. All slides must be in landscape format (4:3).

2. Convert your e-poster to a multipage PDF file for submission to the conference. These files will be available on the conference website for online viewing at any time during the event.

3. The text size should not be smaller than 24-points.

4. Design your poster layout in the following sections:

   a. Title, author(s), address (at upper edge, across the width of whole poster)

   b. Scope/ introduction

   c. Methods

   d. Results

   e. Conclusions

5. The title should be emphasized by the use of bold-face type.

6. The subtitle should be printed in the same kind of lettering.

7. The text should be broken up by the inclusion of drawings and/or photos.

8. Illustrations/images/photographs used in the e-poster should be large enough to show relevant details. The use of color makes the poster more attractive and effective.

Authors are requested to submit their e-poster PDFs at the e-mail: hnps2021@inp.demokritos.gr , no later than **Wednesday, September 22nd 2021**.
